**When Time Talks:** A drunken fella was proudly showing off his new apartment to a couple of his friends late one night. He led the way to his bedroom where there was a big brass gong and a mallet. "What's with that gong?" one of the guys asked. "It's not a gong. It's a talking clock", the fella replied. "A talking clock? Seriously?" asked his astonished friend. "Yup", replied the old boy. "How's it work?" the friend asked, squinting at it. "Watch", the fella replied. He picked up the mallet, gave the gong an ear-shattering ring and stepped back. The three stood looking at one another for a moment. Suddenly, someone on the other side of the wall screamed, "Hey, jerk! It's one-fifteen in the morning!"
