### Dream Come True

For quite some time, I've lived next door to a beautiful woman. I cursed my lack of confidence, as I never said more than hello to the fantastic creature on my doorstep. Then one day as I returned from work, the woman appeared at her front door wearing a flimsy negligee and beckons over. As she slides her arms around my neck, it's obvious she's coming on, and I got increasingly hot under the collar.

All of a sudden she looked up.

"Inside, quickly," she whispered urgently. "I can hear someone coming."

Blinded with lust, I followed her indoors where she stripped off and stood in front of me, stark naked.

"So, honey," she said, "what do you think my best attribute is?"

"Well," I stammered, "It's... er...got to be your ears."

She frowned at me incredulously.

"My ears?" she gasped. "But why? Have you ever seen such flawless skin? Such pert breasts? Have you ever set eyes on such a firm backside?"

"No - I agree," I answered.

She shook her head "And yet you say my ears..."

"Well it's like this," I explained, "When we were outside, you said you could hear someone coming."

"So?" she demanded.

I gulped. "Well, that was me!!"

## **The Hunting Dog**

A man invites a friend to watch his prize duck hunting dog at work.

They approach the first pond, the dog the runs ahead into the brush. He comes back and waves his tail once. The owner tells his friend that this means there is one duck on the pond. They walk up, and sure enough, one duck flies off.

At the second pond, he waves his three tail times. The owner explains that this means there are three ducks on the pond. When they walk up, exactly three ducks take flight.

At the third pond, he runs back and forth, humping the hunters' legs and chasing his tail. and grabbing a stick in his mouth shaking his head violently . The friend asks what in the world this means. The owner explains, "This means there are more fucking ducks on that pond, than you can shake a stick at ."

## **The Bumble Bee**

One day a young man and woman were in their bedroom making love.

All of a sudden a bumble bee entered the bedroom window.

As the young lady parted her legs the bee entered her vagina.

The woman started screaming "Oh my god, help me, there's a bee in my vagina!"

The husband immediately took her to the local doctor and explained the situation.

The doctor thought for a moment and said "Hmm, tricky situation. But I have a solution to the problem if young sir would permit."

The husband being very concerned agreed that the doctor could use whatever method to get the bee out of his wife's vagina.

The doctor said "OK, what I'm gonna do is rub some honey over the top of my penis and insert it into your wife's vagina. When I feel the bee getting closer to the tip of my penis I shall withdraw it and the bee should hopefully follow my penis out of your wife's vagina.

The husband nodded and gave his approval.

The young lady said "Yes, Yes, whatever, just get on with it."

So the doctor, after covering the tip of his penis with honey, inserted it into the young lady's vagina.

After a few gentle strokes, the doctor said, "I don't think the bee has noticed the honey yet. Perhaps I should go a bit deeper." So the doctor went deeper and deeper.

After a while the doctor began pushing very hard indeed.

The young lady began to quiver with excitement. She began to moan and groan aloud.

The doctor, concentrating very hard, looked like he was enjoying himself, he then put his hands on the young lady's breasts and started making loud noises.

The husband at this point suddenly became very annoyed and shouted, "Now wait a minute! What the Hell do you think you're doing?"

The doctor, still concentrating, replied, "Change of plan. I'm gonna drown the bastard!"
