President's Corner:

Hi Fellas,

Things are shaping up for a good season. We have a La Nina weather pattern this year so we could see lots of snow. Take a look at the link to Meadows blog for all the details.

<https://www.skihood.com/en/about-us/meadows-blog/posts/2022/09/la-nina-is-coming-could-it-be-another-big-snow-season>

We are working hard to get races set for the season so we will be able to take advantage of all the snow. Thanks again to all of you that have been attending the meetings at the Gap. We have had a full house at both, let's keep it going.

See you on the 11th,

Bob

How to Read Hieroglyphics

Written across the wall of the cave were the following symbols:

It was considered a unique find and the writings were said to be at least 3,000 years old! The piece of stone was removed, brought to the museum, and archaeologists from around the world came to study the ancient symbols. They held a huge meeting after months of conferences to discuss the meaning of the markings. The president of the society pointed to first drawing and said:

"This is a woman. We can see these people held women in high esteem.

You can also tell they were intelligent, as the next symbol is a donkey, so they were smart enough to have animals help them till the soil.

The next drawing is a shovel, which means they had tools to help them.

Even further proof of their high intelligence is the fish which means that during a famine, they seek food from the sea.

The last symbol appears to be the Star of David which means they were evidently Hebrews." The audience applauded enthusiastically.

Then an old Jewish man stood up in the back of the room and said,

"Idiots... Hebrew is read from right to left... It says: 'Holy mackerel, dig the ass on that chick.'"

Mother-Daughter Special

I was at a bar the other night, and this older lady was all over me. Normally I don't go for women in their 50s, but she asked me if I'd ever had a mother-daughter special. I was intrigued.

So she took me back to her place.

"Mom, I brought someone home..."

Restaurant Fun?

A man and a woman are enjoying dinner and each other's company at a restaurant.

They were gazing lovingly at each other and holding hands.

The waitress, taking another order at a table a few steps away, suddenly noticed the woman slowly sliding down her chair and under the table but the man stared straight ahead.

The waitress watched as the woman slid the way down her chair and out of sight under the table. Still, the man stared straight ahead.

The waitress, thinking this behavior a bit risqué and worried that it might offend other diners, went over the table and, tactfully, began by saying to the man, "Pardon, sir, but I think your wife just slid under the table."

The man replied, "Naah.. She just arrived in the restaurant and is heading this way now!"
